Hi, David.

Thanks for reaching out on the Columbia Falls Aluminum Website. I think it would be great to have those documents linked to the new page. I'm copying Mark Chalfant, the site attorney to make sure he doesn't have any objections. Mark, would you follow up with David on this?

Thanks!

Subject: Columbia Falls Aluminum

Cynthia and Mike,

I'm the Records Manager in Montana. I have been working with the Montana RPMs to update parts of their new site webpages. Would you like some assistance updating the new Columbia Falls Aluminum webpage? See the new page at http://cumulis.epa.gov/supercpad/cursites/csitinfo.cfm?id=0800392#_ga=1.240315907.1681807572.1439328684

The part I have been working on is the site documents linked to the pages. I can build a collection in SEMS of the documents you had on your old webpage. That collection can then be published and made available on your new webpage. The following documents (7 pdfs) were on your old page.

Site Documents

[Fact Sheet, June 2015](#)

[Federal Register proposed rule for listing on the National Priorities List, March 26, 2015](#)

[Letters supporting NPL proposal from Montana Governor Bullock and Columbia Falls Mayor Barnhart](#)

[Columbia Falls Site Reassessment Report, April 4, 2014](#)

Let me know if you would like my assistance or if you have any questions.

Thanks,

David Sturn
